1U High-density Brush Strip Cable Management Panel, Sturdy Steel Horizontal Data Centre Cable Organizer

Product ID: CMBRUSH1U

The CMBRUSH1U Brush Strip Cable Management Panel mounts to a standard 19" 2 or 4-post rack to organize cables while keeping dust and dirt out of the rack.

Constructed of high-quality steel with high-density nylon bristles, the 1U brush plate creates a clean looking point of entry and offers cable separation for simple cable organization. The brush panel also promotes proper airflow through the rack by closing off open spaces between equipment.

For easy installation, this cable organizer comes complete with 2 sets of rack screws (10/32 and 12/24).

Certifications, Reports and Compatibility

Applications

• Use with server racks and cabinets, structured wiring closets and network distribution cabling to keep cables neat and tidy

Features

• High-density nylon brush

• Takes up only 1U of rack space

• Sturdy steel construction
