

TA 1220 compact tachometers - 8 mm display

LED tachometers with red 4-digit 8 mm LED.
Displays speed, rate and frequency.
NPN, PNP, NAMUR, TTL or sinusoidal pulsed input signal 10 → 600 Vac.
Displayed in seconds, minutes or hours.
2 alarms with relay outputs.
Measuring principle based on measurement of the input signal period.
IP65 front panel protection.
Mounting bracket supplied.

Manufacturer's reference:	Supply range:
TA1220.014AX01	85 → 265 Vac and 100 → 300 Vdc
TA1220.015AX01	10.5 → 70 Vdc and 21 → 53 Vac

Control input:	Compatible by programming NPN, PNP, Namur, TTL or sine
Pulse input	5 → 24 Vdc
Sine input	10 → 600 Vac
Frequency	0.01 Hz → 7 kHz
Breaking capacity	260 Vac / 1 A / 150 VA
Consumption	4 W
Dimensions	24 x 48 x 125 mm
Cut-out	22 x 45 mm

Panel Mounting 24 x 48-Rate- Frequency - Tachometers
