PINK FINGER COTS

51-675-0096/97/98

- Antistatic property is constantly maintained.
- Washed under a controlled process to remove particles and reactive ions
- Suggested for class II (2000-3999V) static sensitive devices
- Ultra-low powder cot surface minimizes particulate contamination
- Ultra-low levels of extractable and residual ions prevent product failure
- Packing done in clean environment

Properties

Material:	100 % pure latex
Length:	63 mm
Thickness:	0.1 mm
Surface resistance:	10^8 to 10^{11} Ω
Elongation:	700 % minimum
Tensile strength:	25 Mpa
Shelf life:	9 months
Heavy metals:	below detection limit; RoHS compliant
Storage conditions:	store below 28°C – avoid direct exposure to sunlight
Cleanliness:	ISO 6 compliant
Packaging:	bag of 1440 pcs

Size and part numbers

Part Number	Size	Internal diameter
51-675-0096	S	15 mm
51-675-0097	M	16 mm
51-675-0098	L	18 mm
