Smart Clamp DMM AC/DC 600V−0 to 3 KHZ−Measure tRMS Cat III, ETL/CE−10MHOMS

2 Year Limited Warranty

Country of Manufacture:

China

Multimeter with SMART technology. Easy to use: 1) Turn the rotary knob to the SMART position 2) The multimeter automatically selects the setting: AC or DC / Resistance or continuity 3) Connects the pins to the circuit. automatic evaluation on screen 4) AC voltage or DC voltage and continuity or resistance are measured simultaneously. No longer needed to select AC / DC or resistance..FEATURES: Min Max function Data hold function Illuminated dual display for additional information Automatic setting Low battery indication MEASURING RANGE: Type AUTO True RMS Voltmeter: AC/DC 0 to 600 V Ohm meter: 0 to 10 MOhm Frequency meter: 0 to 3 KHZ Continuity test Immediate display in Amp. (When used with an ampere tong).L. x W. x H.: 70 x 40 x 200 mm.
