Flexicon Connectabox™ Weatherproof Connection Solutions

Flexicon's Connectabox™ is a unique, weatherproof connection box that provides a faster and simpler way to protect the interconnection of circuits and all types of cabling (power and data).

The IP66, IP67, IP68 and IP69 approved connection box is manufactured using modified Nylon PA6. It offers a truly weatherproof solutions that is lightweight, corrosion and UV resistant. This presents a practical solution for external applications or environments which are exposed to harsh external conditions or where routine maintenance may be more difficult.

Suitable for use with:

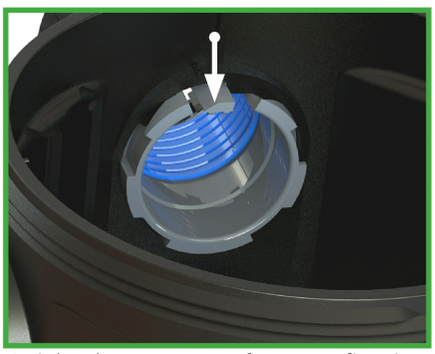

- Flexible Conduits
- Cable & Cable Glands
- Rigid Conduits

Benefits:

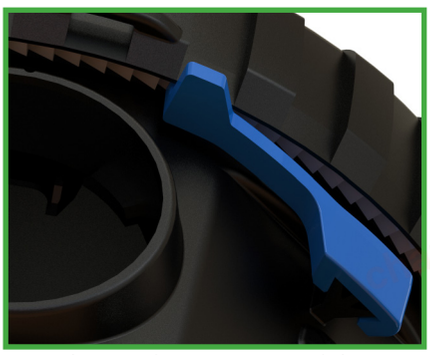

- **IP66, IP67, IP68 (2 Bar for 2hrs) and IP69** performance
- **UV Resistant** - suitable for outdoor use
- **4x fast fit** connection points entry points with flexible conduit
- **Corrosion resistant** - suitable for wet environments
- **Anti-tamper and vibration** performance
- Connect **multiple Outlets / Ways** - configure depending on requirements
- Can be drilled to accept **cable glands and rigid conduit**
- Low Fire hazard - **EN45545-2 HL3 to R22 and R23**

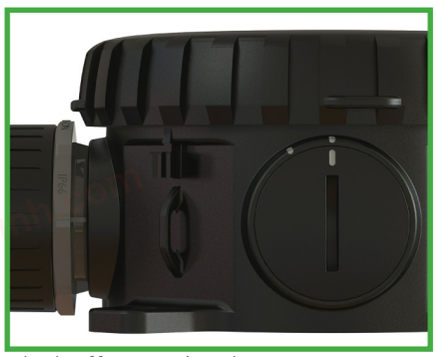

Maximum internal wiring space - no protruding threads or locknuts

Quick release system for reconfiguring outlets - Push down to release fitting

Anti vibration lever to secure lid

Blank off unused outlets

Order Configuration

To configure your requirements simply order from the table below. Fitting part numbers are listed, along with accessories to be used in the box CNB110. Kits are available consisting of standard components, shown by quantity in the table.

COMPONENTS

		Part Number	KIT - Part Numbers			
			CNB110	CNB110-KIT2	CNB110-KIT3	CNB110-KIT4
						
			BOX ONLY	THROUGH BOX	T-PIECE BOX	JUNCTION BOX
			CONTENTS			
	Box & Lid	CNB110	1	1	1	1
	Fittings 16MM	FPAU16-CNB				
	Fittings 21MM	FPAU21-CNB			2	3
	Fittings 28MM	FPAU28-CNB		2	1	
	Fittings 34MM	FPAU34-CNB				1
	Lanyard & Screw	CNB-LAN	1	1	1	1
	DIN Rail Insert Plate	CNB-INSERT				
	Fibre Insert Plate	CNB-INSERT-F				
	Extended Lid	CNB-EL				
	Blanking Plug	CNB-BP*	4	2	1	

*All part numbers are for qty of 1 except blanking plugs which are in a pack of 10.
