Watertight Polycarbonate Miniature Enclosures *1551W Series*

RoHS

Key Features:

- Ideally suited for mounting small printed circuit boards.
- Molded from robust polycarbonate
- Suitable for outdoor use
- Polycarbonate has a flame rating of UL94 V-0
- Satin texture finish.
- Complete with lid and (4) plastite #4 self tapping screws.
- Available with or without integrated wall-mounting flanges.
- P.C. board standoffs molded into interior for easy installation.
- Includes replaceable silicone gasket to protect against ingress of water or dust.
- Designed to meet IP68.
- For general purpose (not water-tight) miniature enclosures, try our **1551** series.
