Lanyard with fixated carabiner

For tool fall protection

- For reliable tool protection: holding capacity tested in numerous drop tests for tools up to 6 kg, even battery-operated tools
- Large working radius: long lanyard for convenient working

- Reduces the risks of tool loss, injury to living beings and damage to objects
- To meet regulations while working at heights, for example industrial climbing, arborists, rescue services, at sea, etc.
- Tether can be attached directly to the cord side or the carabiner to climbing equipment
- The roughly 90 cm long gathered fabric strap tether stretches to a length of about 1.5 m when weight is applied
- With strap made of a flat belt sewn to one end and a cord and cord stopper sewn into the other end, each sewn four times
- The additional loop on the lanyard allows for direct connection of the tool to the climbing equipment with a carabiner (sold separately)
- Cord stopper made of solid aluminium, also available as a spare part
- For KNIPEX pliers with tether attachment point only with 1.5 kg adapter strap 00 50 02 T
- No PPE (personal protective equipment): not suitable for personal safety!
- Contents: lanyard 00 50 10 T, with fixed equipment carabiner 00 50 03 T

- Read all warnings and instructions on product and packaging carefully prior to use
- No PPE (personal protective equipment): not suitable for personal safety!
- Only for latching tools from the KNIPEX Tethered Tools range, connected and combined in accordance with tethering system instructions
- Do not use around moving or rotating equipment
- Will not support human weight
- Inspect for wear before each use. Do not use if evidence of wear.

General	
Article No.	00 50 12 T BK
EAN	4003773088028
Weight	138 g
Dimensions	900 x 95 x 28 mm
REACH compliant	does not contain SVHC
RoHS compliant	not applicable

technical change and errors excepted
