Modular	Accepts all Mini-Com® Modules which snap in and out for easy moves, adds, and changes
Identification	Includes built-in label pocket for easy identification
Various port densities	Provides design flexibility
Slotted screw holes	Allows faceplate to be adjusted to ensure proper alignment
Eco packaging	Select product with plastic packaging removed, easy access to all components while reducing waste

applications

Mini-Com® Executive Series Faceplates are compatible with standard size single gang and double gang junction boxes. Faceplates can also be mounted to wall board adapters and raceway mounting brackets. When using executive series faceplates with Panduit surface raceway, color matching is guaranteed. Labeling of executive series faceplates is easy with enclosed write-on labels, or with Panduit computer printable labels. If labels are not needed, matching screw covers can be used to conceal the screws and will mount flush with the faceplate for a clean look.

Eco packaging available for select product, provides easy access to the product and components while reducing waste.
