/ Standards

- **CE category** : Category 3
- **EN 60903:2004 Electric protection** : Class 0
- **Category** : A, Z, C
- **ASTM F2675**
- **EN 388** : 1121X
- **IEC 61482 (electric arc)**
- **ATPV (Cal/cm²)** : 12

/ Advantages

- Excellent dexterity
- Touch-sensitive
- Touch sensitive
- ReaCh
- Very good grip for maximum prehension in damp conditions
- Silicone Free
- DMF free
- Chrome free
- SVHC free
- Made in Europe

/ Areas of activity

- Industry
- Transport
- Electric mobility
- Civil security

Document not contractually binding, errors and omissions excepted

/ Technical specifications

- **Available sizes :** 7, 8, 9, 10, 11
- **Thickness (mm) :** <1.6
- **Length (mm) :** 360
- **Main color :** Orange
- **Max. operating voltage (V) :** 1 000 V AC ; 1500 V DC
- **ATPV (Cal/cm²) :** 12
- **Coating material :** Latex
- **Coating finition :** Grip-textured
- **Grip texture :** Pattern
- **Coating material and finition :** Latex pattern
- **Number of layer :** Single layer
- **Electrical gloves cuff caracteristic :** Not bypassed
- **Percentage of product weight made from recycled material (%) :** 0
