RS PRO

Thermal grease, 1.8W/m K

Stock No: **2065707**

Technical Specifications:

Characteristic	Test Method	Result
Colour	Visual	White
Thermal conductivity W/m.K	ASTM-D5470	1.8
Thermal impedence ^{o}C-mm^{2}/W	ASTM-D5470	0.045
Operating Temperature ^{o}C	EN344	-40 to +200
Density, g/cm^{3}	ASTM D792	2.4

Features & Benefits:

- No pump out or stability issues
- Easy to apply and rework
- Syringe dispense, suitable for screen printing
- Good value

Applications:

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

Available product size: 40g

Approx dimensions: 150x30x30mm
