RS PRO

Thermal grease, 9.0W/m K

Stock No: **2065711**

Technical Specifications:

Characteristic	Test Method	Result
Colour	Visual	Grey
Thermal conductivity W/m.K	ASTM-D5470	9.0
Thermal impedence ^{o}C-in^{2}/W	ASTM-D5470	0.0016
Operating Temperature ^{o}C	EN344	-30 to +225
Density, g/cm^{3}	ASTM D792	3.3

Features & Benefits:

- No pump out or stability issues
- Easy to apply and rework
- Syringe dispense, also suitable for screen printing
- Low contact resistance

Applications:

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

Available product size: 20g

Approx dimensions: 150x30x30mm
