RS PRO

Thermal grease, 11.0W/m K

Stock No: **2065713**

Technical Specifications:

Characteristic	Test Method	Result
Colour	Visual	Grey
Thermal conductivity W/m.K	ASTM-D5470	11.0
Thermal impedence $^{o}C\text{-}in^2/W$	ASTM-D5470	<0.001
Operating Temperature ^{o}C	EN344	-60 to +250
Density g/cm^3	ASTM D792	2.5

Features & Benefits:

- No pump out or stability issues
- Easy to apply and rework
- Syringe dispense, also suitable for screen printing
- Low contact resistance

Applications:

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

Available product size: 20g

Approx dimensions: 150x30x30mm
