RS PRO

Thermal grease, 8.0W/m K

Stock Nos: **50g pot size: 2065715**

1kg pot size: 2065714

Technical Specifications:

Characteristic	Test Method	Result
Colour	Visual	Grey
Thermal conductivity W/m.K	ASTM-D5470	8.0
Thermal impedence ^{o}C-in^{2}/W	ASTM-D5470	0.002
Operating Temperature ^{o}C	EN344	-40 to +200
Density g/cm^{3}	ASTM D792	3.2

Features & Benefits:

- No pump out or stability issues
- Easy to apply and rework
- Suitable for screen printing
- Good value

Applications:

- Communications equipment
- Automotive electronics
- Small office, and networking equipment
- Consumer and industrial electronics

Available product size: 50g, 1kg

Approx dimensions: (50g) 50x50x70mm

(1 kg) 120x100x100mm
