Hook Up Wire

Stranded flexible Hook-up Wire designed for the internal cabling of electrical and electronic equipment. Suitable for a broad range of applications from control cabinets to specialist machine tools

Hook-up wire is a flexible cable with a durable PVC protective sheath and tinned copper conductors, available in multiple colours, ideal for colour-coding cable installations.

The cable offers good insulation due to the PVC insulation material and installation is easy and efficient thanks to the flexible layout of the cable.

General Specifications

Conductor	Tinned Copper
Insulation	PVC
Insulation Colour	Orange
Approximate Diameter	1.42 mm
Number of conductors	1
Conductor cross sectional area	24 AWG
Conductor construction	7 strands of 0.20mm
Length	305 MTRS

Mechanical Specifications

Minimum temperature	-20°C
Maximum temperature	+105°C

Electrical Specifications

Voltage rating	300V
