chanhvinh.com

FEATURES

- Single action
- Positive locking mechanism
- Strong and durable
- Robust and hardwearing

RS PRO

CP19 Series

RS Stock No.: 2351078

Male Thread Coupling

Product Description

Part No.	Connection
2351078	1/4” BSPT

Pneumatic Couplings

Features

- Single action
- Positive locking mechanism
- Strong and durable
- Robust and hardwearing

General Specifications

Nominal flow diameter	5.5 mm (7/32”)
Flow capacity	600 l/min (21.2 CFM)
Working pressure	35 bar (508 psi)
Temperature range	-20°C to +100°C (-4°F to +212°F)

Materials

Coupling body & sleeve	Nickel plated steel
Coupling back part	Nickel plated brass
Valve	Brass
Springs, locking o-ring & balls	Stainless steel
Seals	Nitrile NBR
Nipple	Nickel plated steel

Interchange

Vertex & Airflow
Series 19
