Crimp Tools

Features

- Crimp dies are kept together with a special pin to simplify handling.
- Reliable – crimping performance is consistent and accurate with a parallel action stroke.
- Easy to use – designed to give the user full visibility of the crimping process. Handles are shaped for low effort crimping with a one or two hand grip.
- Versatile – an easy-access release function allows fast and simple exchange of crimp dies. No special tools needed.
- Weight and size of the tool are optimized to make it easy to carry. Dies are kept in pairs and delivered in a modular reusable box.
- Hole in handle allows attachment of safety strap

RS Stock No.: 492-9595

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Crimp Tools

Product Description

The RS PRO MCT (mobile crimp tool) is a crimping tool frame for use with MCT die sets. Easily interchangeable crimp dies are kept together with a special pin to simplify handling.
The mobile tool can accept a wide variety of die sets, covering most applications with just one tool frame. A versatile and lightweight crimping tool frame.
