Handheld Magnifier

RS Stock number 528-5307

Description:

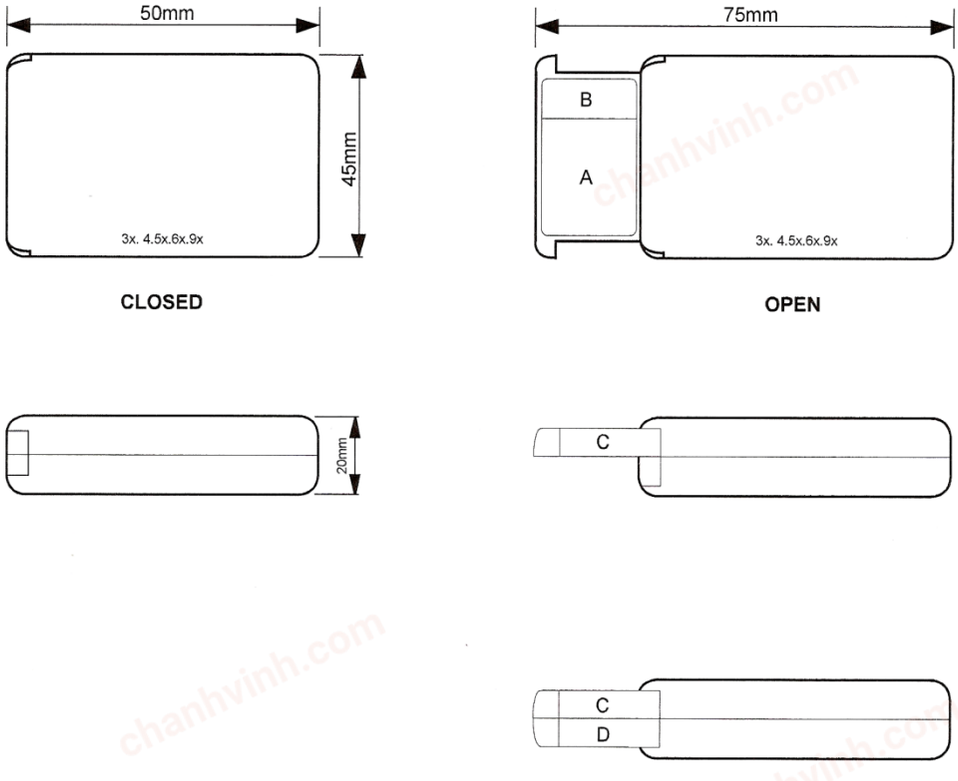

A compact pocket size handheld magnifier with two pull out lens enabling 3, 4.5, 6 and 9x magnification.
Ideal for examining miniature components and solder joints.
Simple easy to use operation.
Slide out design protects lens when in storage or carried in pocket.
Extremely compact and lightweight.

A professional range of hand-held, and illuminated magnifiers. The lenses are manufactured from polymethyl acrylate with a duplex hardened coating which makes them durable, antistatic and scratch resistant.

RS, Professionally Approved Products, gives you professional quality parts across all products categories. Our range has been testified by engineers as giving comparable quality to that of the leading brands without paying a premium price.
