MULTI PURPOSE

COLD PROTECTION

406

Water repellent, breathable, fully latex coated thermal glove

A durable, water repellent, insulated grip glove that is designed to protect down to -30°C for short or intermittent contact

Features

- Protects hands down to -30°C for short or intermittent contact
- Water repellent surface combined with thermal liner keeps hands warm and dry
- Aerated material reduces heat loss via conduction and eliminates convection by trapping warm air inside the glove
- Engineered liner and foam latex dissipates sweat and moisture to prevent hands getting cold
- Coating technology enhances high level of flexibility and reduces fatigue
- Suitable for contact heat resistance up to 250°C (approx. 15 seconds)

Certifications

CAT II

CE

EN 388:2016 + A1:2018

2131X

EN 511:2006
