UNIGLOVES® NITREX

Features

- Featuring Unigloves NitreGuard Technology
- Featuring Unigloves NitreGrip Technology
- 18 gauge seamless nylon / Spandex® liner with HPPE, encapsulated glass fibre and a steel core
- Cut resistant level D
- Sandy nitrile palm coating
- Excellent abrasion and tear properties
- Reinforced thumb crotch
- Elasticated knitted wrist

NitreGuard® Technology

NitreGrip® Technology

Benefits

- Unigloves NitreGuard Technology is awarded to gloves achieving a high-performance in the straight blade cut test
- Unigloves NitreGrip Technology is a new, advanced surface treatment that provides an assured grip when working in dry, wet or oily conditions. The technology reduces the force needed to grip, reducing hand fatigue
- Ultra-lightweight seamless knitted liner is breathable offering excellent dexterity and flexibility to reduce hand fatigue
- EN ISO cut level D (≥15N & <22N) designed to protect against high level cut hazards
- The sandy nitrile coating is resistant to oils and grease acting as a physical barrier. In addition, the sandy nitrile gives exceptional grip in dry, wet and oily environments
- The comfortable sandy nitrile coating offers maximum abrasion and tear protection
- The reinforced thumb crotch offers extra protection when handling abrasive material and increases the life of the glove
- Elasticated knitted wrist ensures a secure fit and keeps hands free of dust ingress
