Features

- AQL 1.5 and EN455 parts 1-4
- Free from latex
- Free from powder
- Tested to EN1186
- Manufactured using a blend of high quality vinyl and nitrile
- Beaded cuff
- Heavy-weight construction

Benefits

- Meets medical standards including pinholes
- Suitable for those with latex allergies (Type I sensitisation)
- Reduces risks of latex allergies (Type I sensitisation) and minimises particulate contamination
- Suitable for contact with non-fatty food types
- The unique blend of vinyl and nitrile makes the glove more comfortable and provides better dexterity than traditional vinyl gloves
- Beaded cuff provides extra strength during donning and helps prevent liquid roll back
- Heavy-weight construction is tough, durable and long lasting
