Product data sheet for uvex athletic lite ESD

The uvex athletic lite ESD is certified in line with Oeko-Tex® Standard 100 and is a particularly lightweight and sensitive safety glove intended for use during mechanical precision work. The matt, open-pore microfoam coating provides impressive breathability, high flexibility and good grip. It has been certified in accordance with DIN EN 16350, which makes it suitable for use in ESD applications and potentially explosive atmospheres. The uvex athletic lite ESD is compatible with all standard screens, tablets and mobile phones, meaning you are ready for the digital future.

Features

- Good grip
- Very good tactile feel
